

**We help
your business grow, stay compliant,
and reduce accidents & incidents**

FUNDAMENTAL 55 ONLINE SAFETY TRAINING COURSES

OUR AWESOME SOLUTIONS

Whether you're in the construction industry, retail, manufacturing, electrical trade, or oil and gas sector, safety training is mandatory.

For some employers, providing the required safety training for all their employees and supervisors can be a challenge.

Online training is a cost-effective, flexible, competency-based, and convenient form of safety training.

SafetyNow online training has been shown to **reduce accident & incident rates by over 50%**, **cut liability insurance premiums by over 40%**, and **increase productivity and product quality**.

Better safety training yields results!

BUNDLE

Our certified safety trainers and OHS lawyers have selected **26 FUNDAMENTAL safety training courses** to pair with our Essential 26 to ensure compliance & a highly effective safety program.
